In the Fifteenth ward Ensley received 770 to Kuhn's 1,602; Kuhn's plurality, 832. Overstreet received 828 to Dunn's 1,482; Dunn's plurality, 654.

The above returns on city precincts are considered fairly accurate by the Republican county committee. Errors may develop in official tabulation which will change these results slightly, but not, it is believed, to any great extent.

VOTE FOR SHERIFF.

While the chief interest of the election in the county centers on the vote for treasurer there was considerable inquiry at the county committee rooms as to the vote on pheriff. The returns received are very incomplete, but enough is known to insure Metzger's election over Woessner by a plurality of at least 1,500. The other candidates on the county ticket, including the representatives to the Legislature, auditor, clerk, recorder, judiciary and others will be successful by about 2,500 figured as the minimum plurality.

THE INTELLIGENT VOTER.

He Is the Man Who Disfranchises Himself in the Voting Booth. The man who has had experience on a precinct election board must come to the conclusion that those who are regarded as the more intelligent citizens do not expend much of their intelligence in mastering the details of the voting laws of Indiana. In a precinct whose voters will claim that it is one of the best on the North Side, three voters put the X in the square to the left of the first name on the Republican ticket. These men doubtless went away from the polling place with the pleasing thought that they had voted the entire ticket. When the vote for county offices was canvassed seven ballots were thrown out because those who voted them had disfranchised themselves by placing the X in the party circle and then placing another X before a candidate or two on the other ballot. Of those seven ballots six were Republican and one Democratic. Those ballots were deposited not long before the polls were closed and when a number of unusually intelligent men hurried in to vote. Doubtless the six Republicans desired to be liberal by accepting advice that an effort should be made by Republican voters to divide the judiciary. Of a total of 185 ballots for county officers and judges cast in the precinct alluded to Were mixed-that is, candidates on both tickets were voted for. Of those ballots more than three-fourths were evidently the ballots of Republicans. The "scratching" was of all kinds imaginable. One Democrat placed a mark before every name on the Democratic side but one, and the X in that case was placed against the Republican candidate for constable. The fact that several voters marked about haif the candidates for representatives to the Legislature on each ticket would indicate that they would have the delegation divided between two candidates for United States senator. Two Democrats went to the trouble to mark every name in the party ticket except for auditor of state, in order that they might favor David E.

hemselves or did not vote as they thought An amusing feature of a rather long and wearisome day with election officers was the appearance of a young man from North Indianapolis at 6 o'clock in the evening, who announced that he had been selected by the Prohibition committee to watch the counting of the votes. He was admitted, and for four long weary hours watched the canvassing of several hundred ballots o see that the three ballots which bore a part of the names of the Prohibition candidates were not stolen to defeat the aims of the party which he represented. Strange as it may appear, the man who might be classed as the rather ignorant voter is not the one who is likely to make mistakes in marking his ballot. It is the

Auditor Clark and Commissioner Spafford will begin their terms Dec. 1, 1903, and Treasurer Ensley Jan. 1, 1904. The only official appointment announced so far is the chief deputyship in the recorder's office. Recorder Shank says Harry R. Wallace, a city detective, who was mentioned for the nomination for recorder last

spring, will be his chief deputy, succeeding Ben Franklin, who has been in the office for thirty years. Of the township officers Justices Nickerson and Smock will begin their new terms Nov. 18 and Justices Shepard and Stout about eighteen months later. Justice Lockman will retire Nov. 18 and no one will succeed him, the number of justices having

been reduced to four. SILENT COURTHOUSE.

There Was Very "Little Doing" in the

Various Offices. The courthouse was deserted yesterday. All of the city and county officials, members of the Marion county judiciary, County Commissioners and clerks employed in the building showed unmistakable signs of election day, and all were tired and worn out. Most of the office men in the building were excused from work and went home to sleep. The Board of Safety was to meet in the afternoon, but William Schoppenhorst, the only member of the board | cornfields were destroyed. who appeared at the office, said he was not a quorum and adjourned. The Board of Public Works met in the morning, and after transacting some routine business adjourned to go home and sleep, Election talk occupied the attention of

every man who had business in the courthouse. Any person who walked through the building was forced to listen to explanations from each party worker as to just how the vote was got out, what the gain was and how successful the narrators had been in thwarting devilish plans and schemes of the opposition. The concensus among the ward workers seemed to be that the Republican success was caused by the failure of the Democrats to vote.

CONGRATULATORY TELEGRAMS.

Many Messages Are Received by Senator Fairbanks.

The friends of Senator Fairbanks in different parts of the country rejoice in the Republican victory in Indiana and many congratulatory letters and telegrams have come to the senator. Mr. Fairbanks spent part of yesterday at his office and will be there again to-day. He expects to spend some time at his farm in Illinois before returning to Washington.

Senator Fairbanks, in discussing the result of the election yesterday, said he believed the Democrats should themselves be given some credit in this victory. "We had the loyal and efficient support," said he, of many who, in former years, were affiliated with the Democratic party. Many of them came to our aid in the campaign of 1896. It is a most gratifying fact that we have justified their confidence and have retained their allegiance and received in the very important contest just closed their earnest and effective assistance."

TOWNSHIP CANVASSING BOARD.

Large Pluralities Shown for the Re-

publican Candidates. The canvassing board of Center township met yesterday morning at the office of Pearson Mendenhall, township trustee, to canvass the vote for justices of the peace, constables and members of the Township Advisory Board. As every Republican candidate was shown to be elected by a large plurality long before the board met the only interest centered in the pluralities shown by the official figuring. The progress of the tabulation showed that C. A. Tucker, Democratic candidate for justice of the peace, was leading the defeated ticket. The board organized by electing Edward

P. Thompson, an inspector from the Second ward, chairman. Without further ceremony the canvass of the ballot began. The inspectors dispersed, many of them leaving their returns with the chairman. The vote was tabulated by H. C. Newcomb.

Will Cooper and Will Cotty. The clerical work proceeded up to midnight without interruption, but at that hour about twenty precincts were missing and couriers could not bring the inspectors in. Inspectors reported that they had not had clear notification that they were to report Wednesday for the township canvass-ing board, but had understood that all the returns, both county and township, would

be canvassed at the same time. The ab sence of these precincts prevented the clerks from making any footings, but trial footings made of several sheets showed that the Republican candidates all had large pluralities. The vote on the township ticket was lighter than on any other. The pluralities, as indicated by the trial footings, will be from 2,000 to 2,500. It was estimated that Justice Shepard would lead the Republican ticket of justices and C. A. Tucker the Democratic ticket. The work was absolutely terminated

when it was found that a number of inspectors had deposited their returns in the sealed bags delivered to the county clerk. Because of this the board had to take a recess until the returns could be procured from the clerk's office. The returns must all be made this morning, as under the law the inspectors will have to certify them to the county clerk to-

"There is no doubt that a majority of the people of California cast their votes for me for Governor," said Franklin K. Lane. "There have been several suspicious facts in connection with the count which leads me to believe that frauds have been committed. I have information that 1,200 votes cast for me were thrown out in Alameda county; that 30 per cent. of the Democratic vote in San Bernardino was likewise thrown out and that the totals in Humboldt and Los Angeles counties were withheld in order to ascertain what number of ballots in the county would be necessary to overcome the majority that San Francisco would give the head of the Democratic ticket. About 1:30 o'clock this morning l heard from Alameda that the officials were withholding all returns until this city's vote was given. I chartered a tugboat and dis patched many union men, headed by Mr. Copeland, of the Typographical Union, to investigate the situation. They visited many of the polling places and found distual vote. In numerous booths they were | ered by full returns, which are coming in refused access to the returns, one set of officials going so far as to remove the ballots into another room, where they were counted. Most assuredly there will be a contest," said Mr. Lane.

Democratic Votes Not as Numerous as

Managers Expected. ST. LOUIS, Nov. 5 .- More definite returns only Democratic congressman elected, 1,140. from the election in Missouri tend to largely increase the Democratic plurality on the state ticket over the earlier estimates. Secretary of State Samuel B. Cook places the plurality at 40,000. Governor Dockery, ing the election of the delegate to Congress who is in the city, is satisfied the official figures will place the plurality above 30,000, and in this view Chairman Rothwell, of the state committee, concurs. There was a big slump in some of the heavy Democratic counties, the total of which will probably reach 12,000 or 15,000, but this loss was compensated for in the gains made in St. Louis, Kansas City, St. Joseph and some of the close counties in the State. Unofficial returns from the thirty-three precincts in St. Louis county show that the Republican gain in the county is 473. WILMINGTON, Del., Nov. 5 .- Returns for members of the Legislature in Delaware show that the State Senate will stand Democrats, as judges of the Court of Apten Republicans and seven Democrats. The House will stand eighteen Republicans and sixteen Democrats, with one district undecided by reason of a tie vote. On joint ballot the vote will be: Twenty-eight Republicans, twenty-three Democrats, one tie. Of the Republican members it is conceded that eight are opposed to the election of J. TOPEKA, Kan., Nov. 5.-The Republican victory in Kansas is complete. A good majority of the Legislature, all the state officers and a large part of the county officers were taken by the Republicans. Chairman Albaugh, of the Republican state committee, made the following statement to-night: "Returns have been received from every part of the State, and they indicate the election of W. J. Balley and the entire Republican ticket by about 35,000 plurality. The Republicans have elected every member of Congress and over ninety members of the State Legislature.

Bliss Ran Behind Carpenter.

DETROIT, Mich., Nov. 5 .- Newspaper tabulations of election returns at midnight indicate that the plurality of Governor Bliss will run up to 36,975, his vote being 51,-693, as against 14,718 for L. T. Durand, the Democratic candidate for Governor. That First district (Burkett), Fourth (Hinshaw) Bliss was scratched is shown by the fact that the plurality of Judge W. L. Record Breaker in Minnesota. ST. PAUL, Minn., Nov. 5 .- With the receipt of more nearly complete returns the majority of Governor Van Sant will be at least 50,000 and may go as high as 75,000-a record-breaking majority in Minnesota for a gubernatorial candidate. The Governor has apparently run considerably ahead of the balance of the state ticket, although the entire ticket is elected by about the normal majority. Eight of the nine congressmen are Republicans, the lone Democrat being former Governor John Lind.

Utah Heavily Republican.

SALT LAKE, Utah, Nov. 5 .- Only about one-fifth of the voting precincts of Utah have so far been heard from in detail, but unofficial returns from practically every section show that the Republicans have made almost a clean sweep of the State, Howell for Congress and McCarty for associate justice being elected by majorities of from 4,000 to 6,000. The Legislature, which will this winter elect a successor to United States Senator Rawlins, undoubted-

ly will be Republican by a safe majority.

Democrats Carried Rhode Island. PROVIDENCE, R. I., Nov. 5 .- Substantial gains for the Democrats are shown by the complete returns for the state ticket. They elected their candidates for Governor and Lieutenant Governor and their congressional candidate in the First district. Besides they cut down the Republican lead in the lower house of the Legislature by securing thirty-six members, as against a like number of the Republicans. The Senate, however, remains overwhelmingly Republican, with a representation of twentyseven in thirty-seven members.

Garner Elected in Texas. DALLAS, Tex., Nov. 5.-Latest advices from the Fifteenth congressional district, the only one in which the Republicans were thought to be dangerous, show that Garner, Democratic nominee, has received 1,500 majority. From the 75 per cent, of the vote cast the Democrats generally received the usual large majority.

NASHVILLE, Tenn., Nov. 5 .- To-night Chairman Thompson, of the state Democratic executive committee, gave out a statement in which he estimates the majority of James B. Frazier, Democratic candidate for Governor, at 50,000 votes, with a probability of its reaching 52,000.
